SOA Weekly Update

The SOA held an Advisory Board Meeting this week with 52 of 79 associations represented. The members present approved a proposed easement granting the Hilton permission to install a security gate at the entrance of their parking lot on SOA property. In exchange, the Hilton will grant a 38' wide easement to the SOA that will begin south of the dune line and extend to the mean high tide line for the benefit of all Sandestin owners and their guests to access the beach and Gulf waters. (This area is located at the foot of the existing beach access located between Finz and the Hilton.) In addition, the Hilton will approve a restroom location to be built, owned and operated by the SOA for the use of all owners and their guests.

The SOA would like to thank all those that attended this week's meeting and ask that you please pass on the information received to the members of your neighborhood. An unapproved version of the minutes from this meeting will be available on our website once signed by the Chairman.

Finz, Sandestin's signature beachfront restaurant, is making a splash this spring with a new menu and new wine list, and the same amazing views of the Gulf of Mexico. Doors open February 27 at 5:00 p.m. for dinner and 4:00 p.m. for beachside drinks. For more information, call (850) 267-4800.
