SOA Weekly Update

- ➔ The SOA recently mailed a letter to all homeowners regarding vehicle decal renewal. When completing the form, please be sure to provide all information requested in order to avoid delays in receiving your decals. Once your form has been sent in, please allow 4-6 weeks to receive your new decals. Your current decals will remain valid thru 2008.
- ➔ The Beach Committee continues to work toward improving the beach access and use in addition to eventually providing restroom facilities at the beach for all SOA members. Your patience is appreciated during this negotiation period. We will continue to provide updates regarding their progress when available.
- ➔ Please keep in mind that bagged household garbage should be placed curbside for daily pick up after 6:00 a.m. and before 10:00 a.m. This will ensure the sanitation crew picks up your garbage at least one time per day and limits the hours your garbage is “available” to the many critters that wander in the night looking for a meal.
