SOA Weekly Update

- As Tropical Storm Fay approaches the area, the SOA staff has been making preparations for excessive rain fall and wind in the area. Weekend staff has been instructed to check drains throughout property to clear debris as often as possible. If you have a drain located near your property, we ask that you assist in clearing the area of debris when possible.
- Safety is a priority for both our owners and employees; please avoid entering an area with standing water if the depth cannot be determined. We have asked our landscape and tree maintenance contractors to remain on standby to begin clean up of debris after the storm.
- Please use good judgment in placing your household garbage on the curb over the weekend as our sanitation crew may not be able to safely access roadways in the event standing water reaches unsafe levels.
- The 22nd Annual Sandestin Triathlon that was scheduled for Saturday, August 23, 2008 has been cancelled due to the potential of inclement weather. This event will not be rescheduled. For more information, please contact the tournament organizers at <mailto:sandestintr@sandestin.com>.
- Please click here for a list of homeowner specials:
