SOA Weekly Update

- The SOA is currently monitoring the proposed landfall of Hurricane Gustav and will update you on any affects it may have on the Sandestin Community if necessary. Please stay tuned to your local weather channel for the most up to date information and alerts on this storm. You can also call 1-888-SOA-NEWS for inclement weather information as it relates to the Sandestin community.

- This is a reminder that the SOA Architectural Review Board (ARB) is accepting applications from interested homeowners to fill two seats that will begin January 2009 and serve a two year term. Completed applications must be received in the SOA office prior to close of business on September 30th. For more information regarding the ARB's responsibilities and processes, visit our website home page, Latest News column, or click on this link:
