2. Please list the reason(s) you are interested in serving on the Board.				
1. As I found out during my now-expiring first, 3-year term on the SOA BOD, there is a learning curve associated with being an effective representative for the entire SOA community. While I surely have more to learn, I would like to put to my SOA BOD experience to use for 3 more years. 2. I think it is important that there be neighborhood/area diversity among the BOD members. At present, I am the only member of the BOD living on the Beachside of Sandestin.

#### 3. In your opinion what is the role or responsibility of the Board of Directors?

The SOA BOD acts as a fiduciary for all members of the SOA in overseeing the expenditure of SOA funds by the SOA management team and also actively participates in planning and monitoring the progress of SOA construction, maintenance and repair initiatives. It is the responsibility of each BOD member to be knowledgeable of all issues facing the community and to effectively and fairly represent the entire community in all issues coming before the BOD.

#### 4. What do you consider the major challenges facing the SOA?

Adequately reserving funds to repair and maintain Sandestin's aging infrastructure, beach crowding, beach and other parking

#### 5. What talents or qualifications do you have that will be of use if you are elected to the SOA Board?

My legal career (now retired) was heavily intertwined with financial issues, and I have found that my legal and non-CPA financial talents are useful, when added to the talents of others on the BOD, in effectively handling the issues that arise.

#### 6. How many hours per month are you willing to commit to Board and Committee work or special meetings?

As many as are required to do the job

#### 7. Will you be available to attend all Board meetings and willing to accept Committee assignment(s)?

No

If not, what months will you not be available?

#### 8. What is your vision over the next three years for your term as a Board member?

To use experience gained in the last 3 years to be actively and effectively involved in bringing to fruition the current, major initiatives: Audubon pool, East Gate reconfiguration, Heron Walk Drive improvements, etc.
